Terms and Conditions

Actions Taken by the FHLBNY when Automatically Covering a Collateral Shortfall: When the FHLBNY automatically covers a shortfall on a collateral account, the FHLBNY will use securities already pledged to the FHLBNY that are not currently being used to secure another outstanding indebtedness here at the FHLBNY. The FHLBNY can also, based upon your permission in this Standing Instruction form, automatically pledge on your institution's behalf the Qualifying Securities that are in your institution's Safekeeping Free-holding account. (For Qualifying Securities, please reference the Members Products Guide.)

Please note that:

1. Mortgage assets cannot be used to cover Repo-Advances indebtedness.
2. Securities maturing or to be called within 5 business days will be excluded from an auto pledge. The FHLBNY will notify you if only the eligible securities available to cover a shortfall mature or will be called within 5 business days.
3. When realigning eligible securities collateral for pledging purposes on your institution's behalf, the FHLBNY will realign sufficient collateral to cover the collateral shortfall so as to not exceed 5%-10% in excess collateral over the indebtedness.
4. After the indebtedness matures, any movements or pledges of collateral made to cover a collateral shortfall will remain; the FHLBNY will not readjust the collateral to its prior position.
5. All applicable fees with regard to collateral shortfalls shall apply to an automatic pledge. (Please reference the Correspondent Services Manual for more information about fees)
6. The FHLBNY will contact you, via E-mail, with the details of the securities transferred and/or pledged, or will call you if the FHLBNY cannot automatically cover the shortfall.
