

**AFFORDABLE HOUSING PROGRAM ("AHP")
FINAL COST CERTIFICATION
FOR OWNER-OCCUPIED REHABILITATION PROJECTS**

AHP Project Number: _____

Member: _____

Sponsor: _____

Contractor: _____

Homeowner(s): _____

Property Address: _____

Date of completion of entire scope of rehabilitation work: _____

Final cost for rehabilitation work completed: \$ _____

If applicable, select the energy efficiency measures below that were a part of the rehabilitation work:

<u>Weatherization</u>	<u>Major Systems Upgrade</u>
<ul style="list-style-type: none">○ Targeted air sealing and weatherstripping of residence and/or basement○ Insulation of basement hot water heater and heating pipes○ Insulation and air sealing of the attic cavity and roof hatch○ Programmable thermostats installed throughout the home	<ul style="list-style-type: none">○ Replacement of gas stoves with electric induction stoves○ Replacement of gas domestic hot water heater to electric hot water heater○ Conversion of gas-powered heating and/or cooling system to electric heating and/or cooling system (e.g., heat pump system)○ Solar panel installation

CERTIFICATION

By signing below, the Sponsor, Homeowner, and Contractor each certify that the following statements are true and accurate:

- The entire scope of rehabilitation work, for which AHP funds have been requested, was completed on the date stated above to the Homeowner(s)' satisfaction.

- A rehabilitation specialist, appointed by the Sponsor, has inspected and determined that the entire scope of rehabilitation work was performed in an acceptable manner and completed for a reasonable cost.
- This Certification attaches copies of architect's certifications (i.e. AIA Document G702), written estimates, and/or Contractor invoices that fully and accurately detail the scope of rehabilitation work that was completed at the Property.
- If the Property will be receiving AHP assistance through a project that committed to install eligible Energy-Efficient Products and/or Renewable Energy Systems, the scope of work evidences such energy efficient improvements.

If the Property will be receiving AHP assistance through a project (approved in 2010 or later) that committed to preserving the local stock of owner-occupied homes, the scope of work has addressed all local building code requirements and the remaining economic life of the home's structure and major systems will survive for at least 5 years from the date of the final cost certification.
