Contractor: _____

Homeowner(s): _____

Date of completion of entire scope of rehabilitation work: _____

Final cost for rehabilitation completed: _____

If applicable, select the energy efficiency measures below that were a part of the rehabilitation work:

<u>Weatherization</u>	<u>Major Systems Upgrade</u>
<ul style="list-style-type: none"><input type="checkbox"/> Targeted air sealing and weatherstripping of residence and/or basement<input type="checkbox"/> Insulation of basement hot water heater and heating pipes<input type="checkbox"/> Insulation and air sealing of the attic cavity and roof hatch<input type="checkbox"/> Programmable thermostats installed throughout the home	<ul style="list-style-type: none"><input type="checkbox"/> Replacement of gas stoves with electric induction stoves<input type="checkbox"/> Replacement of gas domestic hot water heater to electric hot water heater<input type="checkbox"/> Conversion of gas-powered heating and/or cooling system to electric heating and/or cooling system (e.g., heat pump system)<input type="checkbox"/> Solar panel installation

CERTIFICATION

By signing below, the Sponsor, Homeowner, and Contractor each certify that the following statements are true and accurate:

- The entire scope of rehabilitation work, for which AHP funds have been requested, was completed on the date stated above to the Homeowner(s)' satisfaction.
- A rehabilitation specialist, appointed by the Sponsor, has inspected and determined that the entire scope of rehabilitation work was performed in an acceptable manner and completed for a reasonable cost.
- This Certification attaches copies of architect's certifications (i.e. AIA Document G702), written estimates, and/or Contractor invoices that fully and accurately detail the scope of rehabilitation work that was completed at the Property.
- If the Property will be receiving AHP assistance through a project that committed to install eligible Energy-Efficient Products and/or Renewable Energy Systems, the scope of work evidences such energy efficient improvements.

- If the Property will be receiving AHP assistance through a project (approved in 2010 or later) that committed to preserving the local stock of owner-occupied homes, the scope of work has addressed all local building code requirements, and the remaining economic life of the home's structure and major systems will survive for at least 5 years from the date of the final cost certification.
