

Current RSA Hard or Soft Token Enrollment for Multi-factor Authentication

If you activated a Hard or Soft Token for 1Link® prior to August 16, 2021, you will be able to enroll your current device by following the instructions below:

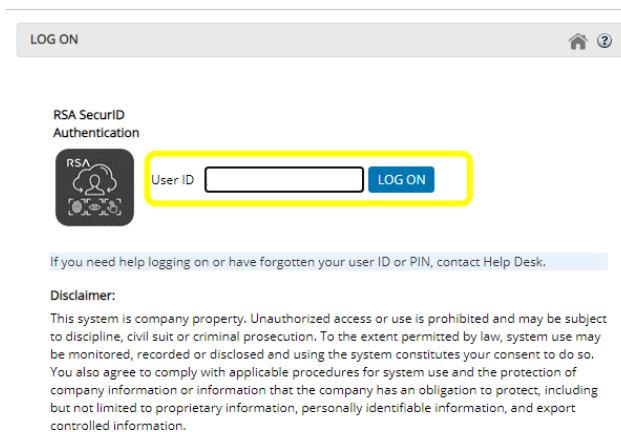

1. Reset Your User Password

- A. From the [system](#) site, select [**Forgot Password**].

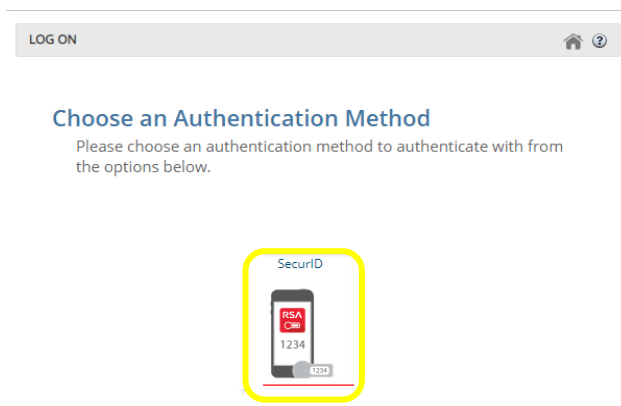

The screenshot shows the 'SIGN IN' page of the Federal Home Loan Bank New York system. It features a header with the bank's logo and name. Below the header, the text 'SIGN IN' is centered. There are two input fields: 'Username' and 'Password'. Below these fields are two buttons: a blue 'SIGN IN' button and a yellow 'Forgot Password' button. The 'Forgot Password' button is highlighted with a yellow border.

- B. Enter your User ID and select [**LOG ON**].

The screenshot shows the 'LOG ON' page. At the top, there is a 'LOG ON' button and a home icon. Below this, there is a section for 'RSA SecurID Authentication'. It includes an RSA SecurID icon, a 'User ID' input field, and a blue 'LOG ON' button. The 'User ID' field and the 'LOG ON' button are highlighted with a yellow border. Below the input field, there is a link: 'If you need help logging on or have forgotten your user ID or PIN, contact Help Desk.' A 'Disclaimer' section follows, stating: 'This system is company property. Unauthorized access or use is prohibited and may be subject to discipline, civil suit or criminal prosecution. To the extent permitted by law, system use may be monitored, recorded or disclosed and using the system constitutes your consent to do so. You also agree to comply with applicable procedures for system use and the protection of company information or information that the company has an obligation to protect, including but not limited to proprietary information, personally identifiable information, and export controlled information.'

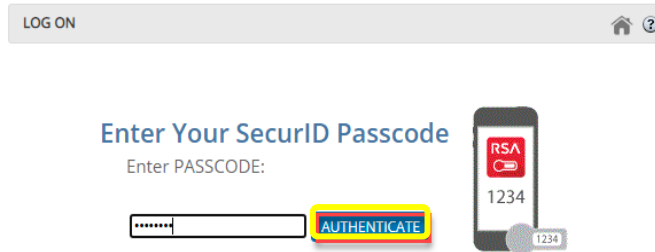

- C. Select [**RSA SecurID**] as the Authentication Method.

The screenshot shows the 'Choose an Authentication Method' page. At the top, there is a 'LOG ON' button and a home icon. Below this, the text 'Choose an Authentication Method' is displayed, followed by the instruction: 'Please choose an authentication method to authenticate with from the options below.' There is one option available: 'SecurID', which is represented by an icon of a mobile phone displaying 'RSA SecurID' and the number '1234'. The 'SecurID' option is highlighted with a yellow border.

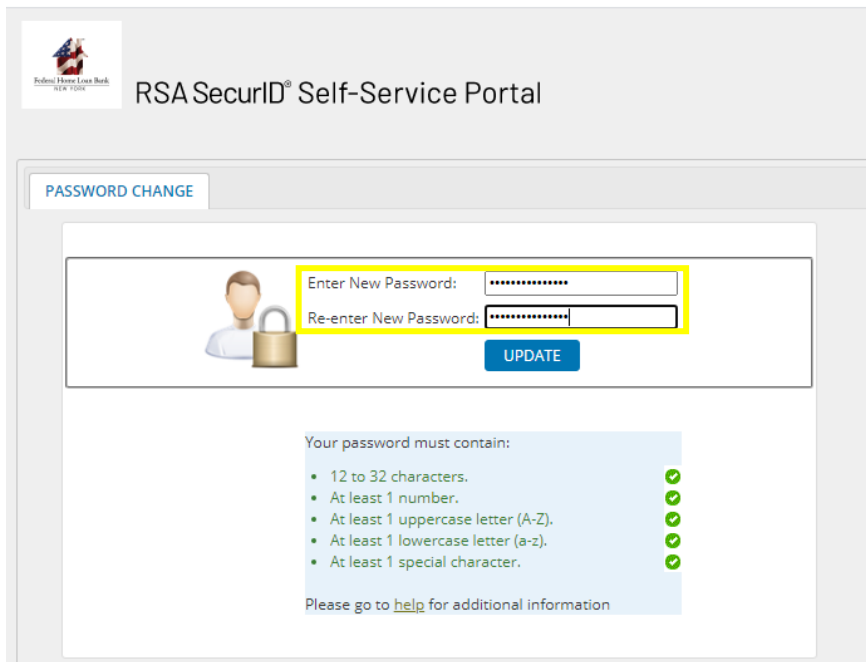

D. Enter your RSA SecurID Passcode and select **[AUTHENTICATE]**.

Note: For "soft" Tokens, enter the passcode only after using the RSA PIN in the RSA app; "hard" Token devices, enter the RSA PIN followed by the passcode.

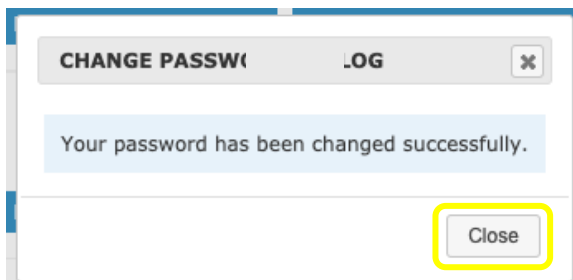

E. Enter your New Password and Re-enter the Password, then select **[UPDATE]**. Password requirements are listed on the Password Change page.

IMPORTANT: Please note this will be your new System Password.

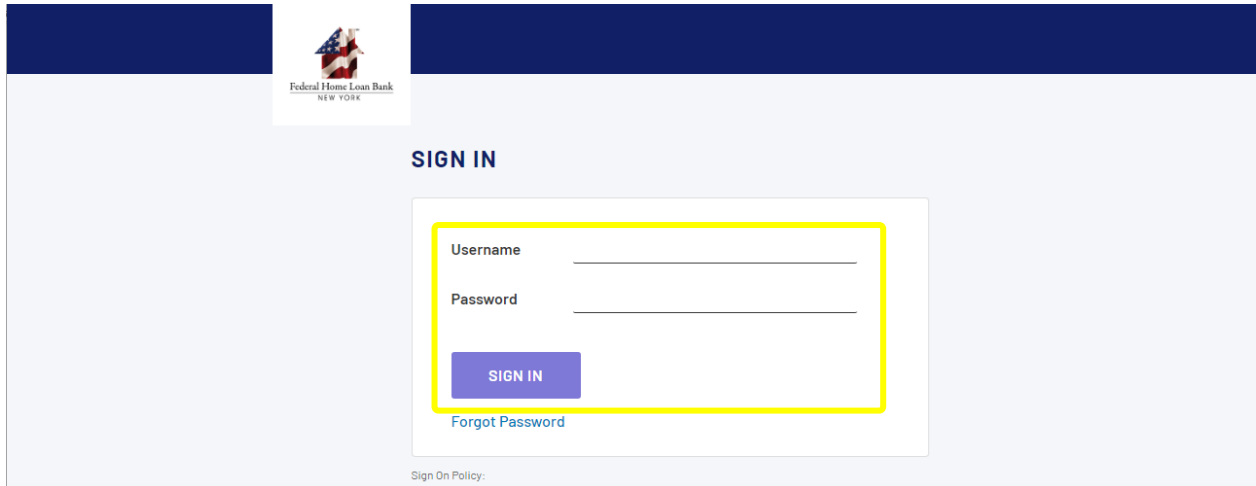

F. **[Close]** the Change Password successful message, and you will be redirected to the Login page.

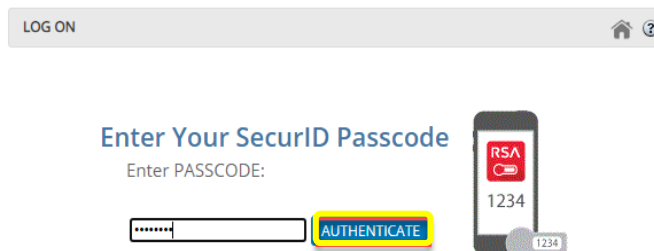

2. Log in with Your New Password

- A. Enter your Username and new Password, then select [**SIGN IN**].

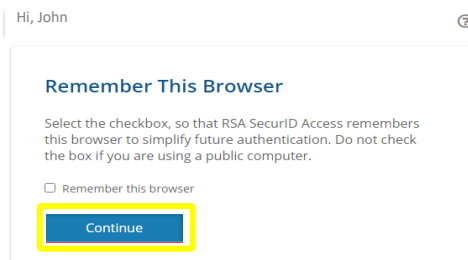

The screenshot shows the 'SIGN IN' page of the Federal Home Loan Bank New York website. The page has a dark blue header with the bank's logo. Below the header, the text 'SIGN IN' is centered. A white box contains a form with two input fields: 'Username' and 'Password'. A blue 'SIGN IN' button is positioned below the fields. A yellow rectangular box highlights the entire form area. Below the button is a link for 'Forgot Password'. At the bottom of the page, there is a small link for 'Sign On Policy'.

- B. Enter your RSA SecurID Passcode and select [**AUTHENTICATE**].
Note: For "soft" Tokens, enter the passcode only after using the RSA PIN in the RSA app; "hard" Token devices, enter the RSA PIN followed by the passcode.

The screenshot shows the 'AUTHENTICATE' page. At the top, there is a 'LOG ON' button and a home icon. The main heading is 'Enter Your SecurID Passcode'. Below it, the text 'Enter PASSCODE:' is followed by a text input field containing six asterisks. To the right of the input field is a blue 'AUTHENTICATE' button. Further right is an illustration of a smartphone displaying the RSA SecurID app with the passcode '1234'.

- C. Select [**Continue**].

The screenshot shows a dialog box titled 'Remember This Browser'. It contains the text: 'Select the checkbox, so that RSA SecurID Access remembers this browser to simplify future authentication. Do not check the box if you are using a public computer.' Below this text is a checkbox labeled 'Remember this browser'. A blue 'Continue' button is highlighted with a yellow box.

You are now successfully logged in.
