

## FHLBNY & INSURANCE COMPANIES — A GROWING PARTNERSHIP

*Maximize membership opportunities with low-cost, FHLBNY funding for financial flexibility and contingent liquidity to help meet cash flow needs and manage interest rate risk and profitability.*

The FHLBNY is an integral liquidity provider to many U.S. Insurance Companies. Insurers continue to see the benefit of having access to our readily available, low-cost funding to help manage risk and profitability. A variety of credit products, called “advances,” are available to our members for added financial flexibility. Standard advances include fixed-rate, floating-rate, and amortizing advances, all available with a wide range of maturities. Custom advances are also available that include interest rate caps and floors, collars, puttables, and callables. Discounted community investment funds and grant money are also offered to our members in support of low-income housing and economic development to help improve communities.

Insurance company members are tapping into their FHLBNY membership to diversify their portfolio, access liquidity in times of financial disruptions, augment investment yields, or to enhance operating leverage and liquidity using our letters of credit products.
