CORRESPONDENT SERVICES DESCRIPTIONS

DEPOSIT PROGRAMS

The FHLBNY's Deposit Programs can help members increase profits and better manage liquidity needs and investments with greater precision. We offer the following:

Overnight Investment Account (OIA)

The OIA, which is the primary transaction account for members, is one of the most important cash management tools the FHLBNY offers. It is a concentrated account in which all collected balances earn interest daily. Benefits include:

- Interest is calculated and paid daily on an actual/actual basis at interest rate tiers
- No reserve or compensating balances are required
- All transactions can be monitored through 1Link, our secure internet banking system

Account types include: Custodial Mortgage, Reserve, IBE, Accommodation, Mortgage Asset Program (MAP®) and Member Guaranty.

Term Deposits

The FHLBNY's Term Deposit Program is similar to the OIA except it pays competitive rates to members with longer term investment needs, providing them with fixed-rate maturities from 14 to 365 days.

1LINK®

1Link® is the FHLBNY's secure internet banking system that provides members with a safe and efficient alternate channel for accessing FHLBNY reports and initiating everyday transactions online, such as wire transfers, book transfers, overnight advances and other short-term advances (under 1 year). Members can use 1Link to review, download or print:

- Account balances and transaction details for the current day and a span of prior days
- FHLBNY stock holdings
- Collateral availability
- Portfolios of outstanding advances

In addition, members can schedule automatic delivery of information to themselves or other staff in their institution.

ELECTRONIC FUNDS TRANSFER

Members can manage their daily liquidity positions with ease and precision through the FHLBNY's wire transfer system. Wire funds from your accounts to virtually any financial institution in the world. It's fast, paperless and competitively priced. Members can also use 1Link to quickly initiate current and future-dated wires and book transfers, check the status of 1Link-initiated wires and book transfers, review and create wire transfer reports, pay lower wire out transaction fees, and initiate book transfers at no charge.

SETTLEMENT

The FHLBNY's Settlement Service eliminates the need for accounts at the Federal Reserve Bank or other correspondent banks. Members may settle a variety of payments through their FHLBNY OIA account, including:

- Check deposits, in clearings and returns
- Automated Clearing House Items (ACH)
- US Savings Bonds Sales
- Federal Treasury Tax and Loan (TT&L)

The FHLBNY will monitor the settlement activity information that we receive on your behalf and combine it into easy-to-read daily and end-of-day summary reports. Other available settlement services include Coin and Currency Settlement through Wells Fargo and Disbursement Settlement through MoneyGram.

SECURITIES SAFEKEEPING

Acting as your custodian, the FHLBNY can help facilitate the transfer and custody of your securities, as well as arrange for the timely collection and crediting of principal and interest payments through our Securities Safekeeping services. Benefits include:

- P&I payments, dividends, calls, redemptions and maturities are immediately available and credited directly to the member's OIA account
- Real-time account activity reporting
- Review, download, customize, and print safekeeping reports through 1LinkSK
- Trades can be initiated and monitored through 1LinkSK
