FHLBNY PROGRAM UTILIZATION

Members leverage their relationship with the FHLBNY cooperative for many reasons.

- **Contingent Funding:**

Should a member experience deposit outflows, they can “backfill” using FHLBNY funding.

- **Manage Interest-Rate Risk:**

Members utilize FHLBNY funding to achieve asset/liability management goals by obtaining funding of the exact duration and structure required to meet their objectives.

- **Manage Excess Cash:**

Members can utilize advance funding to help meet short- and long-term liquidity goals.

- **Capitalize on Opportunities to Acquire Assets:**

Members can be opportunistic and utilize FHLBNY short-term liquidity to make investments now in anticipation of future cash flows (i.e., cash flows from loans and investments, inflows of deposits).

- **Optimize Deposit Pricing:**

Members can test the elasticity of their deposit bases and embark on different pricing strategies with the knowledge that they can “backfill” with FHLBNY funding should they experience resulting outflows.

- **Invest In Infrastructure:**

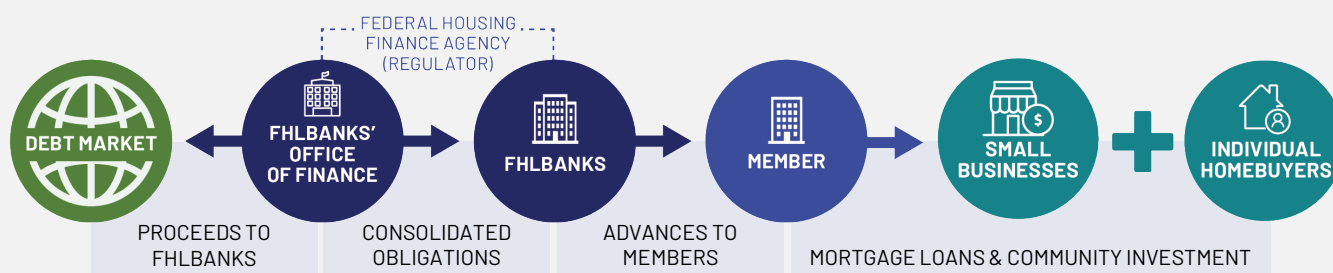

Members can utilize FHLBNY advances to fund an investment in infrastructure (i.e., technology, branching). There are many different advance structures to choose from depending on the project and the unique needs of a member.

- **Pursue Growth and Leverage Capital:**

Members can fend off NIM pressure by leveraging capital to achieve balance sheet growth. By using FHLBNY funding, members can manage their balance sheets within the confines of their capital bases and not be restricted by the limitations of their deposit bases.

How the FHLBNY Lends Money

Although the FHLBNY is a federally chartered, government-sponsored enterprise, it does not receive taxpayer assistance for its operations. Instead, the FHLBNY raises its funds by issuing debt instruments in the capital markets. The Office of Finance of the FHLBanks is the entity that is responsible for handling the issuance and servicing of all such instruments and does so on behalf of the FHLBanks. The strength and size of the cooperative FHLBank System allows the FHLBNY to obtain funding for its members at the lowest possible cost.

Note: The FHLBank System debt is not guaranteed by, and is not the obligation of, the U.S. government. More information about the Office of Finance can be found at www.fhlb-of.com.
